URGENT NOTICE

As many of our personnel have been tested COVID positive, the Affiliation work, that precedes the Admission process of B.Ed. course for self- finance colleges suffered heavily. With the anticipation that the total affiliation process would be completed very shortly, admission for colleges i.r.o. which affiliation could be completed was allowed, with the understanding that all the colleges could start the process in a very short time.

But because of fresh cases of COVID infection coming-up, resulting in dropping of the infected personnel, conducting Deep Sanitisation etc. the affiliation got a little bit delayed. Under these circumstances, admission process of all colleges is kept suspended for the time being, until the completion of the affiliation process. The date will be notified very soon.
